As power duos go, an architect and interior designer pairing must be near the top of the list. With the chops to masterfully execute an entire concept, inside and out, the combination not only produces stunning homes but makes the process uncommonly simple for the owner. Adriana Lacruz and Jorge Fuentes serve as a prime example. They act as Design Directors for their firm, FL Interiors. Lacruz is an accomplished architect, while Fuentes is acclaimed internationally for his interiors. “Together, we leverage our diverse skills, creativity and industry knowledge to deliver exceptional design experiences that exceed client expectations,” Lacruz says. “Our shared mission is to craft bespoke spaces that harmonize form, function and beauty to reflect our clients’ unique lifestyles and personalities.” Fuentes jumps in to add, “Our individual design styles are rooted in a shared passion for minimalism, elegance and functionality.”
